Documenting children's learning experiences is an important part of our philosophy. As you look around the center, you will see many examples of documentation with pictures of our children engaged in work and play.

We also use our website at [www.lovetogrowon.com](http://www.lovetogrowon.com) and **Love To Grow On's Facebook Page** to highlight activities happening at the centers. Love To Grow On will not use children's names with photographs used on Facebook or our website.

Be sure to "like" Love To Grow On and visit both our Facebook Page and our website frequently.
