## Infant through Toddler Enrollment Packet

We are excited to offer your family a creative alternative in early childhood education with our Christian based, child-centered curriculum.

Please complete this enrollment packet prior to your enrollment conference. You will need to have the Health Care Summary (doctor's physical) and Child Care Immunization Record completed by your health care provider prior to enrollment.

At your enrollment conference, the attached forms will be reviewed and you will go through the Love To Grow On Parent Handbook. Please allow 30-40 minutes for this appointment. We need time to process the paperwork and be sure the teachers have all the information they need, so the meeting should be held at least two days prior to starting. Please call the center office to set up a time to do the conference.

Your enrollment conference has been scheduled for \_\_\_\_\_

We want to welcome your family to Love To Grow On. Please contact us if you have any questions.

Linda Bartos King, Executive Director  
Jan Merrell, Lexington Center Director  
Jodie Bunish, Circle Pines Center Manager
